The pool heaters have arrived and are now in operation with backup system. The Sunday Brunch will be changed to a Sunday Breakfast Buffet do to economic reasons. It was felt that to increase the price of the current buffet to make it profitable again would put the cost for most of attendees, 65 to 75% of which are non-members, at more than they would be willing to spend for a Brunch. The Breakfast Buffet will carry most of the same items at a much lower cost.

#### **Mr. Killoran:**

I do not see that it is going to be that successful as people coming in after church will not want breakfast items. I just think that this is a bad idea and I think that we should reevaluate this even though it has already been announced.

#### **Chuck:**

I believe that we should just wait and see how this works out, we will consider changing the times, adding lunch items later in the day. I really need to see how this is going to work out in this economy.

### **Events since our last meeting:**

- November 19 - Fall Fashion Show featuring “The Beauty Studio” went well, but low participation compared to others.
- November 20 - Trivia Night was cancelled. I think the holidays had a lot to do with it.
- November 22 - The “Gala”, the decorations came out wonderful, the music was enjoyable, and the food was different.
- December 20 - We had a great turnout for the “Holiday Gathering”. I began the carols, but I also had helpers. A little later Mr. Fetherlin and Mr. Washington assisted me.
- March & April - The “Rat Pack” and the “Fiddler on the Roof” have been cancelled. These shows were only in town for 1 week, so all the desirable seats were given to the season ticket holders.

### **Upcoming coming events:**

- January 21                      Fashion Show featuring “A Tu” Fashions.  
They specialize in washable silks. I have 7 models.
- January 29                      Trivia Night, I hope we’ll have a good turnout

## **Mike Clayton – Golf Professional**

The new sweeps policy is now in writing and I apologize for not bringing copies for all of you. There is a new intern that just started named Kevin. Customer service is still being stressed in the Pro Shop, which includes meeting with my entire staff at least once a month. Pace of play is being stressed especially with my rangers (just keep up with the people ahead of you). As far as the history and traditions here at Rosedale, I want everyone to know that I am here to take care of their tournament needs - that’s what I have always done. I want to do everything I can to assist you, so please tell all the golf association’s that I am here to help them.

### **Mr. Boehm:**

What happens with staying up with the group in front of you if you are a threesome and they are a foursome?

### **Mike Clayton:**

Well, then the rule doesn’t work. The policy is keep up with the group ahead, but you also have to use common sense.

## **Mike Cline – Golf Course Supervisor**

The only major event I have had since the last meeting was the over seeding and so far we have had a terrific stand of grass. We are getting a lot of compliments on the conditions on the course, and we will keep up with the program we have in place. We are still removing a lot of the palmettos. Several sections of cart path have been replaced. Nothing else major is planned between now and the next meeting.

**Mr. Killoran:**

What about #12, it looks like the tee is getting stressed again?

**Mike Cline:**

I put the white tee markers back on the blue tee and I will keep it moved back. On days like the Club Championship, I will move it back.

**Mr. Boehm:**

For member guest, the MGA is going to try to reduce the cost and we have had a couple of really good lunches after the MGA outings.

**Mr. Killoran:**

Has there been any consideration to changing the out of bounds on #15?

**Mike Clayton:**

One thing we are also going to do is put together a Handicap and Rules Committee and part of their responsibility will be the definition of the golf course. Yesterday after the greens committee meeting, Mr. Matthews and I rode it mainly to look at the right side, but then we also went up and down the left side.

**Mr. DiMartino:**

I am still not clear on the new pace of play?

**Mike Clayton:**

Went through his previous explanation and there was much discussion of the subject involving all present.

**The meeting was adjourned at 5:00 pm.**
